

(I am what I hated...)

when I was young

I don't wear any shoes signed with my own name
I have never played only a single wii game
I don't chat with my friends on ICG
There is no miracle in deeds that I do
I.....I am what I hated when I was young

You'll find no graffitis on walls with my sign
I need a glass when I wanna drink any wine
I'm walking through grass instead of smokin'it
I can't take a trip without my toiletry kit
I.....I am what I hated when I was young
I.....I am what I hated when I was young

I gotta tendon rupture when I closed the door
I don't buy my shirts in a hot designer store
In the subway old people cannot take my seat
I'm old enough that they can move their own feet
I.....I am what I hated when I was young
I.....I am what I hated when I was young
I.....I am what I hated when I was young
I.....I am what I hated when I was young
